## Program Advertising Form

Deadline June 1, 2009

We look forward to including your company's ad in the 2009 NSA Annual Convention Program. Please send this form with your ad copy. All ads must either be supplied as camera-ready artwork or as an electronic file on disk or by e-mail. Electronic image files that will give the best image for your ad are tiff and pdf formats. The ads will be printed at 300 dpi. If your ad is created using a word processing program, please convert the file to one of the above formats before sending.

**All ads will be printed in full color.** However we cannot guarantee an exact color match of images supplied by advertisers. Ads must be appropriate for a family audience. In order to provide time to resolve potential problems with composition, format or text, please submit your ad as early as possible before the deadline.

*The National Stereoscopic Association and its agents cannot be responsible for errors or omissions in program advertising.*
